

Dear Sir:

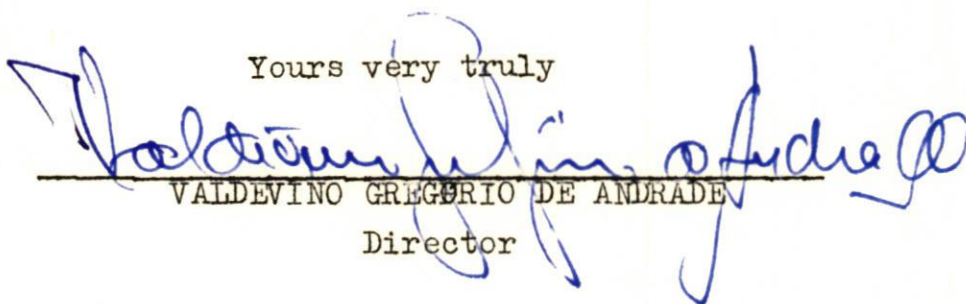

The SCHOOL OF PHARMACY of the Federal University of Paraíba (BRAZIL) is greatly interested in getting in touch with their counterparts in different parts of the world.

Such an interchange would have the advantage to help us in having a concrete idea of what other Schools are accomplishing and we think that such a comparison with our own School would be useful for both sides.

As a first approach we would like to suggest an interchange of publications, not only for we are developing our Library, but mainly because we are trying to keep abreast with our times.

We hope to hear from you soon and we would appreciate if you let us know your opinion as well as suggestions about this matter.

Yours very truly

VALDEVINO GREGORIO DE ANDRADE
Director

INSTITUT DE PHARMACIE ALFRED GILKINET

5 rue Fusch

Université de Liège - Belgique
