

x xxx 2206

July 29/83

Dear Baron Sparre:

I wished to send you a complete set of INDICE DE LA FLORA DEL ECUADOR. Unfortunately the publication is taking too much time. Therefore I decided to send you at the present time the two volumenenes already published. I have quoted the species described in Flora del Ecuador up to the volumen No 12. I was not able to obtain the new volumenenes if publicated yet. I will be very grateful if you can order to send me a copy of them.

With best personal regards,

Sincerely
