Guy's Hospital
London, SE1 9rh.

Dear Dr. Lessof:

Many thaks for your kind letter of August 15th. I am entirely in accord with the selection of collegues to recieve the Awards.

In the mintime I have accepted the nomination of Minister of Health of my country whinch besides the honor represents a load of heavy duties. It is unprobable that I were able to participate in the XIII Congress. Therefore please call on another colleague to read the citation for the IAACI Achievement Award. I am very sorry not to be able to shake hands with the distinguished awardez collegues.

With best regards,

Plutarco Naranjo, M.D.
